# UNMATCHED COMFORT

Merhow has led the way in horse trailer manufacturing for over 50 years, acquiring unmatched experience that translates into superior quality and lasting value.

We invite you to be a part of our tradition and join thousands of horse owners who say; "Once you pull a *Merhow*, you won't want to pull anything else"

The Merhow commitment to quality begins on the engineers' drawing boards. Every trailer produced is built to offer the highest degree of comfort, convenience, safety, and performance, giving you the peace of mind knowing you have purchased the benchmark of trailer craftsmanship.

Unmatched interior craftsmanship mean comfort and unmatched quality for years and years of enjoyment.

Roomy interior with hardwood cabinets.

# Once you pull a *Merhow*, you won't want to pull anything else.

Living quarter trailers provide you the freedom and convenience to hook up and go, with all the comforts and amenities of home.

Optional second galley for convenient cookouts.

Verylite's 2 horse 14'6" x 8' living quarter trailer is shown with standard extruded aluminum on the lower side of the trailer and 32" x 26" extruded drop down feed doors.

\*Optional Equipment Shown.

\*Optional Equipment Shown.

Merhow's 2+1 gooseneck design provides you with many different towing options. Features include a 60" side ramp and a dutch door for ease of use.

Verylite's 2-horse straight load walk-thru dressing room bumper pull XL is designed to haul the big boy horses. The XL trailer is 82" wide and features 90" stalls. (Shown with optional black skin)

The Verylite 3-horse 15'x8' living quarter is shown with the available slide-out room, and the optional 8' haypod with ladder, which is designed in-house by Merhow for superior workmanship.

\*Optional Equipment Shown.

Merhow's Verylite provides lightweight towing and superior construction.

# SUPERIOR QUALITY

One-piece aluminum roof with self-leveling adhesive that stays pliable and does not dry out over time.

Stall dividers are made from one-piece rounded aluminum tube with safe and smooth corners.

Large extruded aluminum drop down feed doors with bars and center latches keep horses safe and cool during travel.

Merhow's aluminum floor is so strong, it can easily support the weight of a truck.

Optional haypod and the vented generator cover provides a dry, safe area for hay and out-of-the-way generator storage.

Optional slide-out rooms are constructed using heavy-duty, all-aluminum tube and features a window at each end.

Slant loads feature 60/40 rear doors, collapsible, removable rear tack wall and an adjustable, removable saddle tree.

Ramp and tail doors with cam latches makes doors easy to open and close.

Optional ramp behind two full-height 60/40 doors.

Keeping both weight and strength in mind, Verylite's superior construction includes aluminum frame, sidewalls, one-piece roof, extruded aluminum floor, tubular roof bows, extruded rear hoop and extruded aluminum on the lower side of trailer to increase structural integrity and strength.
